THOUGHT FOR THE WEEK

In today's Gospel Jesus is presented as a courageous leader, instructing those who will follow on from him and carry on his work for future generations. He sat down, called the twelve and said to them, "Whoever wants to be first must be last of all and servant of all." Then he took a little child and said to them, "Whoever welcomes one such child in my name welcomes me, and whoever welcomes me welcomes not me but the one who sent me" This September we are celebrating the Season of Creation. Pope Francis challenges us to reflect: "What kind of world do we want to leave for this who come after us, to children who are now growing up?" (*Laudato Si'* 160) In the context of today's gospel, we might ask: how are we welcoming generations to come?

Pope Francis urges us to remember that the goods of earth are not meant to be exploited and states, "Doomsday predictions can no longer be met with irony or disdain. We may well be leaving to coming generation's debris, desolation and filth." During this creation time, let us reconnect once more with nature and restore our relationship with the environment. As parish communities, we must play our part in ensuring that our world is liveable for generations to come.

"Climate change is a global problem with grave implications: environmental, social, economic, political, and for the distribution of good. It represents one of the principle challenges facing humanity in our day." – Pope Francis, *Laudato Si'*, 25
